Answer key

The method: Three-digit times three-digit

Three rows: ones, tens (start with one 0), hundreds (start with two 0s).

```
   253
×  206
------
  1518   253 × 6
+50600    253 × 200
------
 52118
```

```
   717
×  444
------
  2868   717 × 4
 28680   717 × 40
+286800   717 × 400
------
 318348
```

Problems 1 and 2 worked out · Version 0A

```
   885
×  814
------
  3540   885 × 4
  8850   885 × 10
+708000   885 × 800
------
 720390
```

```
   946
×  167
------
  6622   946 × 7
 56760   946 × 60
+ 94600   946 × 100
------
 157982
```

Three-digit times three-digit · Version 0A
